SHARP Message #578

DATE:	2/25/04
AUTHOR:	
SUBJECT:	New Warning Message Added to Mass Applicants Page

MESSAGE TEXT:

A new warning message has been added to the Recruit Workforce Mass Applicants page.

If a recruiter tries to add an applicant to a requisition in Mass Applicants and the applicant has already been associated with the requisition, the following warning will appear:

“Warning -- Applicant is already associated with this requisition. (21000,59) “

Once the warning appears, click OK, then you can highlight and type over the Applicant ID and enter another Applicant ID. If there is no other applicant to associate, you can click on Save. Applicants are associated with a requisition only once as result of this enhancement.

If you have SHARP Recruit Workforce questions, contact Liz Wong at elizabeth.wong@da.state.ks.us or 785.296.6895.
