

News From Design, Construction & Compliance

Division of Facilities Management
Department of Administration
State of Kansas

October 1, 2010

Due to reorganization within the Division of Facilities Management, the Section formerly called Facilities Planning and Design and Construction is now called Design, Construction & Compliance. Any time Facilities Planning Design and Construction is used in the Building Design and Construction Manual, it shall be changed to read Design, Construction & Compliance. These references will be changed on paper for the January posting of the Manual.

Chapter 1 – Division of Facilities Management is being reissued at this time to show the restructuring that took place with the reorganization. Included are new titles, phone numbers and e-mail addresses of all staff members.

The **Request for Review** FPDC Form 120 is being revised to include information on the method of bidding and the "Type of Submittal" list has been expanded.
